

**Seatrans is committed to persistently pursue sustainable solutions throughout our business. By doing so we contribute to the UN Sustainable Development Goals.**

The Materiality Assessment is the basis for the ESG process.

- We will regularly analyse, assess and update the Materiality Assessment.
- The factors deemed to be essential for the Company will be carefully analysed to establish the baseline and development of performance.
- In our ESG process, we will set targets and measure performance against these targets. The measured performance will be used to adjust course as required.
- We will communicate our ESG performance in an open and transparent way.
- The Company has appointed a Compliance Officer to monitor that the Code of Conduct and the Governance Policies are complied with.
